## THIRTY-NINTH ANNUAL REPORT

(for the Year ended December 31st, 1927).

---

The Board of Management, in presenting their Thirty-ninth Annual Report of the London Homœopathic Convalescent Home, are pleased to state that during the past year 186 persons have benefited by residence, against 173 the previous year. The total of admissions since the opening of the Home in 1888, now reaches 7,645.

Of the 186 Patients received during the year

132 came from London.

25 „ „ London districts.

29 „ „ 20 miles outside London.

---

186

The Annual Subscriptions show a decrease of £17 19s. 0d., and Donations £28 11s. 2d.; the fees from Patients are more than the previous year to the extent of £127 3s. 0d.

The Home has received an award of £25 from the King Edward's Fund, as in 1926, the Hospital Saturday Fund £25 (which is £75 less than the amount awarded the previous year), and the Hospital Sunday Fund £10.

The Home has been distempered, painted and redecorated during 1927 at a cost of £74 0s. 3d.

The Extension Fund now stands at £5,689 11s. 11d., being increased by donations and interest on investments on behalf of the fund, amounting to £247 10s. 5d. for the year. It is sincerely hoped that a suitable site or building will be found in the near future and, with the generous aid of the Home's supporters, the fund will be so augmented that the Board may be enabled to proceed with the provision of this long-felt need.

In the meantime the very excellent arrangement made with a Convalescent Home at Bexhill-on-Sea, to receive our *male* patients only, is being continued.

The cost of maintaining each patient per week has been £2 1s. 5d. against £1 16s. 3d. last year. This amount includes domestic staff, rates, repairs, coals, lighting, salaries, printing (with Annual Report), and travelling expenses.

Patients are received from all parts, the benefits of the Home *not* being limited to those who have been patients in the London Homœopathic Hospital. Convalescents with a Subscriber's Letter or a Letter from the King's Fund, Metropolitan Hospital Sunday Fund and Hospital Saturday Fund have a prior claim for admission. There is a Private Room for two paying patients at Four Guineas per week each.

The Board desire to express their thanks to Dr. Croucher and Dr. Pollard for their assiduous attention to their duties as medical officers of the Home; to the Honorary Auditors, Messrs. Whinney, Smith and Whinney, Chartered Accountants, 4B, Frederick's Place, E.C., who have so generously audited the accounts gratuitously for the last thirty-nine years; and to the many friends who have made useful presents for the advantage of the patients. The Board deeply regret to record the death, in 1927, of Sir Arthur Whinney, member of the above-mentioned firm, who for a number of years personally superintended the auditing of the Home's accounts.

Visitors to Eastbourne are invited to pay a visit to the Home (36, Enys Road), where they will always find a hearty welcome from the Matron.

New Subscribers are urgently needed to replace those lost by death and other causes, and the Board trust that more friends who have not hitherto given support to Convalescent Homes, may be induced to subscribe and so help on its further development.

Full particulars regarding the privileges of donors and subscribers are given on back cover of this report.

In conclusion, the Board desires to express its appreciation of the assistance received from the Lady Visitors; its thanks to the Matron and her Staff for their care in promoting the comfort of the Patients; and its gratitude to the kind friends who have so generously contributed to the funds during the past year.

Signed on behalf of the Board of Management.

REPORT  
OF THE  
**39th Annual General Meeting**  
OF  
THE GOVERNORS, SUBSCRIBERS AND DONORS,  
Held in the Board Room of the London Homœopathic  
Hospital, on Monday, March 19, 1928.

THE RIGHT HON. THE EARL OF DONOUGHMORE K.P., P.C.,

---

The Thirty-Ninth Annual General Meeting of the London Homœopathic Convalescent Home, 36 Enys-road, Eastbourne, was held in the Board Room of the London Homœopathic Hospital on Monday, March 19, 1928.

The Thirty-Ninth Annual Report and Accounts were taken as read.

**Dr. John Weir, C.V.O.**, who moved their adoption, said : My Lords, ladies and gentlemen,—Mr. Edward Clifton Brown is on the high seas enjoying himself, and I come here with no dress rehearsal at all. I hope you will remember I am here as a substitute. Major Aubrey-Fletcher talked about scratching backs, and I am going to scratch your back. For the first time, I think, in the history of the Convalescent Home I have a debit of £6 17s. 9d. For the first time. Naturally one is not very cheerful, consequently I will not tell you any stories to-day. The deficit is largely accounted for by two reasons—first of all, the Hospital Saturday Fund have only given us £25 against £100 in the previous year. That is not due to any lack of interest in our Home, but is due to a reduction in the amount they devote to Convalescent Homes. They are giving more to hospitals. This year we found we had to redecorate to the extent of £74; conditions make you put on paint once in a while. That is £100 down, but the patients this year were able to give us very much more in the way of contributions—to the extent of £127 this year over last year. So you see they are paying their way. That may account for the fact that this year the cost per week has been £2 0s. 3d. against £1 16s. 3d.; if they pay so much they are entitled to a little extra. I think you might make me happy—I am only asking for £6 17s. 9d. Two years ago I asked you for a wireless and got it without trouble. Last year I wanted a gramophone; I got it, and it has been a great source of pleasure and enjoyment. It was suggested that patients should show some mark of appreciation by giving one record at least before they went. I suggested they should give it at the beginning, so as either to enjoy it or see other people miserable. (Laughter.) I am told it has been very effective. I will tell you one story of a church that wanted £100 to clear off the deficit for the year. They thought the best way was to get Dr. Joseph Parker, of the City Temple, to come along—in those days parsons got a handsome fee for preaching special services. Dr. Parker went down

and the collection came to £40 for the day. He was asked at night what his fee was, and he replied £100. Consternation reigned, but Dr. Parker got his cheque for £100 next morning. He returned it with a letter saying, "You ought to be ashamed; God asked you for £100 and you gave Him £40; Joseph Parker asked you for £100 and he got it by return of post." (Laughter.) I wish to say the Board deeply regret the death of Sir Arthur Whinney, who was a member of the firm of accountants, Whinney, Smith and Whinney, who have

#### **Audited the Accounts of Home Gratuitously**

ever since it started 40 years ago. It all came about through one member of the Board interesting Sir Arthur's father, who used to be his accountant. He got him interested in the Convalescent Home, and although the Whinneys have nothing to do with Homœopathy, a nice professional spirit which leads them to try and help other people led them to take on the work. Lately Sir Arthur took an interest in Homœopathy, and we have to mourn his death.

**Dr. Fergie Woods:** My Lords, ladies and gentlemen,—I am particularly glad to second the resolution for the adoption of the Report. I have seen something of the kindness and care shown by the sisters of this Home to patients I have sent down, and I really do not know that we should do without the Home. A few years ago I spoke to the same resolution here, and made the observation that we have no Homœopathic Convalescent Home for men or children. I think the position is still the same. But I have just within the last day or two heard from a friend, an enthusiastic Homœopathist, of a big house which seems ideal for our purpose. It is near London, in a most bracing part of the country, is absolutely fitted for a convalescent home, and is going for £10,000. If there is

#### **Any Potential Donor of Ten Thousand Pounds**

I shall be very glad to give him all particulars. (Applause.)

The resolution was carried unanimously.

**Mr. R. H. Caird** proposed a vote of thanks to the Chairman, who had presided, he said, during a great number of years, and always did the work extremely well. They were always glad to see him and hoped he would continue in his office.

The resolution was seconded and carried by acclamation, and the **Chairman** having responded, the proceedings terminated.

### ENDOWED BEDS.

SIR HENRY TATE BED.—Endowed by the late AMY LADY TATE (1920).

ADA COT.—Endowed by the Executors of the Estate of the late Miss LUCY PFEIL (1915).

The cost of Endowment of a Bed in the Home (by Legacy or Gift) entitling to have one bed always at the disposal of the Executors or Donor, absolutely free of any payment by the patient—is £1,000. The Wards are named in memory of the larger supporters of the Home.

The Endowment of a Bed is a most effective manner of helping the Home, as the amount is invested and thus becomes a permanent source of income. A brass plate with details of the benefaction is placed above the bed if so desired.

### FORM OF BEQUEST.

To those charitable Persons desirous of assisting the Convalescent Home by Will, the following Form of Bequest is recommended:—

*“I give and bequeath unto the Trustees for the time being of an Institution known by the name of ‘THE LONDON HOMŒOPATHIC CONVALESCENT HOME,’ situated in Enys Road, Eastbourne, the sum of*  
*[The sum to be expressed in writing]*

*to be raised and to be*

*paid free of Legacy duty by and out of my ready money and such part of my personal estate as by law I may or can charge with the payment of the same (and not out of any part of my lands, tenements, or hereditaments), to be applied towards carrying out the charitable designs of the said Institution.”*

Under the Mortmain and Charitable Uses Act, 1891, devises of lands, or buildings or bequests of money secured by mortgage or otherwise charged on land or buildings (formerly void by the Statute of Mortmain) are now legal and valid
